

Text Enable Your Number

By submitting this Letter of Authorization (LOA), you acknowledge that text-enabling your number with Text-Em-All will exclusively enable text messaging through our platform, without affecting the voice capabilities provided by your initial service provider. Please note that texting can only be enabled in one place at a time.

To text enable your existing landline or toll-free number(s), please complete the form below. This will not affect voice traffic in any way. Once we receive your information, our Customer Experience team will work with the carriers to complete the process.

This Letter of Agreement from (“Customer”) acknowledges and agrees to allow Call Em-All, LLC., a Texas limited liability company (dba Text-Em-All), its partners and/or affiliates to undertake interoperability for Short Message Service (SMS) and or Multimedia Messaging Service (MMS), collectively referred to herein as (“Messaging”), provisioning and routing related to the telephone numbers (“Numbers”) listed above or per the attachment.

Customer agrees to allow Text-Em-All to work with industry service provider(s) to perform necessary provisioning services for the above Numbers associated with the Customer solely for the purposes of (A) sending and/or receiving messaging, and (B) publishing such Numbers for routing and registry visibility to other carriers and service providers.

This authorization is expressly limited to this purpose (Messaging only, not Voice Services). As part of this agreement, Customer shall be responsible for providing Text-Em All exclusive rights to operate this service, until service is requested to be canceled via email to support@text-em-all.com. This Letter of Authorization must be signed by the authorized party on the Customer’s account, or by a person who has the authority to act as a legal agent for the Customer.
